decide the law as the law is written, and ect a judge, who fearlessly decides what is right, to recall because his position might not suit an exacting or prejudiced people. We have the fullest confidence in the people. We believe that the voice of the people is the voice of God, but we all know that sometimes people, in their deliberation, they would fail to do. President Taft stands for the rights of all of the people. He has made nomination and a re-election; and he will be renominated and re-elected President and the country will prosper under his new administration as it ha during the present administration.

AN OLD-FASHIONED REPUB

MR. STOLL FOR DELEGATE.

The Weekly News, announces today the candidacy of Hon. Richard C. Stoll for delegate to the Republican National Convention from the Seventh Congres sional District. Mr. Stoll is a warm upporter of President Taft, for re-

the eolored man in Fayette County has ever had and has always been a Republican, supporting at all times the nominees of Republican Conventions. Mr. Stoll belongs to the celebrated Stoll family who have always been Republicans, his father, who is now dead, Mr. R. P. Stoll, being during his life one of the leading Republicans of the South in the days when there were very few white Republicans in Kentucky.

Mr. Richard C. Stoll has never been a andidate for any office and as the posiion of delegate does not pay anything it eems to the writer that now is good time to reward him for his faithful services in behalf of the Republican party. Mr. Stoll was one of the warmest supporters of the Fusion ticket last fall, is a great friend of Senator Bradley's and has a-host of friends who will

No one is better acquainted with these facts than Mr Dudley himself, and with this state of affairs in view, he is trying to furnish means of livelihood for his fellow workers.

It is said by those in position to know, that Mr. Dudley already has several hundred thousand dollars to put in the work, and with prospects of that much more:

We as a race should all pull for the success of the venture, and do all we can in every way to make it huge success.

There are many Negroes, especially in the South, who are amply able to finance such a venture as this and it goes without saying that if properly managed, this business is one of the most lucrative in which a person can engage. It is to be hoped that Mr. Dudley will receive the unstinted support and encouragement of his entire race in his efforts to better a very deserving class of men and

The News speaks for the Negro in business and from time to time our reporter will make the round of all Negro business concerns and report just what' being done in Lexington along the business line. It seems that all of our representative leading business concerns have suffered at times from various causes. It is not our object to discuss those causes but deem it sufficient to say that no one business has been benefited long at-the expense of the other. Dr. N. J. Ridley, under supervision of the Blue Grass Medical Association is doing an excellent work among the poor of our people. He was recently appointed by Mayor Cassidy as special physician to respond to the charity call work among colored people. The News sees some slight recognition given the colored people by the present adminis tration in making this appointment but we fear that all the calls of charity for colored people will find their way finally to the colored city physician, whose field constitutes at least half of the pauper sick of the city as against four white city physicians for the same work among the whites. How long the colored physician can stand up under this ordeal remains to be seen. "Everything that glitters is not gold."
